

TOP TIPS FOR SOCIALLY DISTANCED INTERVIEWS

FROM VERUS RECRUITMENT PARTNERS

Physical Distancing **slows down the spread of coronavirus**, which keeps our valuable healthcare resources available for those in need. Here's our top tips for staying safe:

- Upon arrival and before the meeting all parties should wash their hands for at least 20 seconds. If this is not possible use a hand sanitiser.
- Keep a distance of 6 feet (2 meters, or about one body length) away from other people.
- Avoid touching other people, and that includes handshakes.
- With at least 2m social distancing and less than 5 people in the room, you are not expected to wear protective masks during the interview.
- Interviewees are encouraged to bring their own drinks to the meeting.
- Interviewers should set up the room in advance, with all chairs at least 2-3m apart.

On the day of the meeting, if any parties **feel unwell** for any reason, the meeting **must** be postponed.
